31 March 1953

MEMORANDUM TO: STC/SPB  
FROM: EE/REDCAP  
SUBJECT: CAPITATION-100 (KIBITZ-15)  
REFERENCE: OC No. 1808 dated 3 January 1952, Cancelled 10  
1. March 1953

1. Request provisional operational clearance be granted CAPITATION-100, formerly known as KIBITZ-15, for developmental trial use in the REDCAP program.

2. Although EE/FIG, in requesting cancellation of subject's clearance, stated that he was insecure, both operationally and personally, the field has strongly appealed for use of subject in the REDCAP program. Since the field, without prior clearance, had already obligated itself to CAPITATION-100, EE/REDCAP authorized a trial period for subject, beginning upon receipt of POC and ending 1 July 1953. This authorization was granted on the condition that a signed statement be obtained from subject acknowledging his understanding that we are making no commitments re his final disposition. Headquarters also requested a detailed monthly progress report on subject during this three-month trial period.
